### HOME CURE FOR ECZEMA

Oil of Wintergreen, Thymol, Glycerine, etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is no longer a secret that oil of wintergreen mixed with thymol glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co., of Chicago, and our long experience with this remedy has given us great confidence in its merits.

### Increasing Assessments.

Increases in the assessments made by the State Board of Equalization thus far indicate that the board intends to raise everything out of sight this year, and it is probable that the assessments made by the County Assessor in nearly every county in the state will be boosted by the Board. An advance in valuation all along the line is to be made so as to increase the revenue of the State. It is claimed by the members of the Board that in many cases the assessments are too low and the county officials are not sending in correct reports as to values.

### Williams' Kidney Pills.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes. Too frequent a desire to pass urine. If so, Williams' Kidney Pills will cure you—at Druggists. Price 50c.

### The Wool Market.

The recent jump in the price of wool from 20c to 25c a pound has been attributed to the report that Congress may not lower the duty on wool, as was anticipated. If there is any reduction it probably will be small and the duty as the Payne Bill now stands will admit Waste and Shoddies, the cast off clothing of Europe and rags from the gutters, at a low rate of duty, which will have a great effect on the wool market of the United States. The fact that Congress may not lower the rate on the wool duty has given the market an upward tendency and is strong at present. The wool this year is of good quality and will sell at a more uniform price than it does sometimes, giving the dealer a better idea as to what the loss in grading will be. When wool is sent to the Eastern markets there is always a large amount of rejections, except when the wool is all of practically the same grade.

### Hit 'Em Hard.

Ollie James, in his speech in the House of Representatives Tuesday, hit the farmers of the Payne tariff bill hard. He declared that the Government was undertaking to guarantee profits to the manufacturers, but no one had suggested guaranteeing anything to the physician, the lawyer or the laborer. Mr. James took up a number of the schedules and pointed out the unfairness of the rates. He was liberally cheered when he finished.
